Moises

In November I performed an inspection of the BLQ-Pico BID and observed a number of problems, which I discussed with Darin French. On Tuesday (3/20/18) I performed another BID inspection and observed the following problems:

The sidewalks in front of the Post Office and the strip mall located on the south side of Pico between Orchard & Magnolia looked like they had not been swept in quite some time.

A large pile of trash on the side of the store located on the northwest corner of Pico & Arapahoe.

Abandoned furniture on the north side of Pico between Western & Serrano.

The trash cans in the following locations had not been emptied:

Northwest corner of Pico & Western
North side of Pico between Ardmere & Irolo
Northwest corner of Pico & Fedora

South side of Pico between Dewey & Catalina
Northeast corner of Pico & Vermont

Northeast corner of Pico & Elden

Northwest corner of Pico & Arapahoe

Southwest corner of Pico & Hoover
Southwest corner of Pico & Union

Southwest corner of Pico & Toberman

Please call me to discuss what steps the BID will be taking to correct these problems.
